Planning  
Corporation**

## CEPCO Membership Enrollment Application

Chico Economic Planning Corporation is a privately funded organization that was incorporated July 1, 1985. It is comprised of local business people working together to insure Chico's economic strength and vitality.

The goal of CEPCO is to create new jobs and new wealth for our community by aiding in the retention and expansion of existing businesses, providing local residents employment, and attracting new businesses to the area. We believe Economic Development is our most important community service, a crucial function that keeps our economy strong.

Visionary business and community leaders will want to invest in CEPCO because of the extraordinary opportunity to help the community, and advance initiatives that will promote their own companies and organizations.
